Logic Programmer & Network Tech 02/04 – Present

- Implement and manage an automated, remote Data Acquisition Network with Programmable Logic Controllers and Microsoft Excel VBA and DDE.
- Fully documented the innovation and progress for easy access to the Data Acquisition system.
- Used knowledge of computers to train myself in the programming needed for the presses, and the VBA needed to set up the automated database.
- Program automated production presses to function properly and safely.

Best Way Promotions
Lead Artist 07/01 – 06/02

- Managed Art Department, printing and prepress.
- Trained new artists in Photoshop and Illustrator.
- Maintained efficiency and cost-effectiveness.
- Used knowledge of pre-press programs to setup and produce quality graphics for promotional products.
